## **KING CUTLERY™ 10-PIECE SET BY ONTARIO KNIFE COMPANY® OFFERS OUTSTANDING KNIVES AT A REASONABLE PRICE**

### **Clean and Simple Look is Surpassed Only by its Elegant Performance**

Everything a home or professional chef could ask for, the new King Cutlery™ 10-Piece Set is a beautiful and sturdy set of knives sure to be enjoyed by generations to come. The set is made by Ontario Knife Company®, the manufacturer renowned for superior, American-made knife designs that have become standard issue with the U.S. Armed Forces. The King Cutlery 10-Piece Set is forged using the same quality craftsmanship and is an example of how the company continues to make its mark as a world leader in the development of high-quality knives.

Built for optimal durability, each knife is constructed of 420 stainless steel. The forged blades – each fashioned from a single piece of steel for greater strength – sit full tang, with both handle pieces pinned to the blade with three rivets. Handsomely crafted handles are easy to grip and made of red pakka wood.

The King Cutlery 10-Piece Set is a complete set of knives including one 3.5-inch paring knife perfect for intricate work like deveining shrimp or skinning jalapenos; four 4.8-inch serrated steak knives; and one 4.8-inch utility knife ideal for slicing meats and cheeses. It also includes one 6-inch boning knife which features a narrowed blade best for carving between bone and meat; one 7.8-inch serrated bread knife, one 7.8-inch slicing knife which works wonders for cutting slender pieces from roasts; and one 8-inch chef knife which curves slightly so the user can rock the knife for a more precise cut. The set also comes with a beautiful wood block for convenient and accessible storage of the entire set.

Founded in 1889, The Ontario Knife Company is a U.S. owned and operated organization that continually stays on the forefront of knife designs and cutting-edge technology. Ontario's military supply roots go deep into its history, as the company has been supplying quality cutlery to the U.S. Military since WWII. Today, the company consistently develops new knife designs that allow military personnel to have the products they need in order to get their jobs done both on and off of the battlefield. Ontario Knife is also especially proud of being selected as the sole provider of the United States Marine Corps OKC3S Multi-purpose Bayonet System and the Model 4 Rescue Strap Cutter. In addition to being a major supplier to the U.S. Armed Forces, Ontario Knife teams with a nationwide network of distributors/dealers to market its products to many diverse consumer and niche markets including the tactical/military, hunting, outdoors, law enforcement and cutlery industries. Worldwide sales activity encompasses more than 46 countries and continues to grow.

For more information about Ontario Knife Company and its industry-leading line of advanced knives, machetes, edged products and specialty tools, contact Ontario Knife Company at P.O. Box 145-26 Empire Street · Franklinville, NY 14737 · Telephone (716) 676-5527 · Or visit [www.ontarioknife.com](http://www.ontarioknife.com). The Ontario Knife Company is a subsidiary of publicly traded Servotronics, Inc. (listed as NYSE MKT - SVT).
