GET 'PULLED INTO' THE OUTDOOR PRODUCTS VORTEX™ PACK

Roomy New High Performance Pack Crammed with Industry-leading Features

The innovative designers at Outdoor Products® have been thinking up better packing solutions for outdoor enthusiasts and travelers for decades, and have once again fused ingenuity with stylish flair to result in the new Outdoor Products Vortex™ pack.

This new pack has and does it all — from two generous main compartments to hold a ton of gear, to powerful design features like the Air Way® back cooling system, which combines with a comfy three-point padded back to allow air to circulate and deliver unparalleled comfort. The comfort doesn't stop there — the pack comes with padded shoulder straps and an adjustable sternum strap so you can tailor it to your own individual body type. Plus, there are two sturdy side compression straps to adjust to balance any load, large or small.

While the Outdoor Products Vortex pack boasts an attractive, streamlined profile, it's designed for heavy-duty work — with a roomy 2,600 cubic inches of space, and 20.5"H x 14"W x 7"D dimensions. It even has a special CD/MP3 player pouch with its own headphone port, so you can take your tunes along for the adventure. Its ample front pocket is created with a built-in six pocket organizer, so you can keep important items, like snacks, sunblock, cell phone and GPS unit, right at hand and easy to find. There's even a handy detachable key clip right in front.

The Outdoor Products Vortex comes complete with a daisy chain that holds a bungee cord and a carabineer, (not for climbing use) to seamlessly attach extra gear like water bottle holders or a walking stick. And when you're walking in low light, the reflective accents on the pack will help keep you clearly visible. This unique pack comes with a rugged, rounded easy-grip rubber handle, so it's a snap to grab and go and is built tough, like all Outdoor Products packs, to last through the most rugged use for years to come.

To learn more about the Outdoor Products Vortex Pack or any of the company's innovative products designed to keep outdoor enthusiasts comfortable and organized, contact Outdoor Products at 1919 Vineburn Avenue, Los Angeles, CA 90032 • Telephone: (800) 438-3353 • www.outdoorproducts.com.
