## **FOR STEALTH, SAFETY AND CONVENIENCE, THE NEW GEAR KEEPER® INTEGRATED RETRACTABLE HOLSTER FOR RANGE FINDERS HITS THE MARK**

Closing the distance between you and that prize buck just got easier with the new Gear Keeper® Integrated Retractable Holster for Range Finders. Expertly designed by the innovators at Hammerhead Industries, Inc., this rugged – and soon to become absolutely essential – piece of hunting equipment brings to the field everything a hunter demands: durability, safety, convenience and improved silence.

You'll be better prepared to track and successfully shoot that game you're after when you slip your range finder into the padded holster of the new Gear Keeper Integrated Retractable Holster for Range Finders. Not only will the new Gear Keeper Integrated Retractable Holster for Range Finders securely carry one of your most valued pieces of equipment, helping to reduce nicks, scrapes, damage and loss, but it will also hold the range finder snugly within the holster and close to the body – even when hiking through thick brush or rough terrain. Thanks to the new Gear Keeper Integrated Retractable Holster for Range Finders, you can apply increased stealth to bag that easily spooked deer or flighty wild turkey. Your range finder won't be hanging and dangling, getting in the way, getting snagged and getting banged around or giving away your position.

When called into action and set up to hunt, the new Gear Keeper Integrated Retractable Holster for Range Finders itself is quiet, utilizing a smoothly operating cable that makes very little noise. Padded and made of quality materials, the retractor pouch further reduces noise. The new Gear Keeper Integrated Retractable Holster for Range Finders allows for use and quick release for taking a shot and can be re-stowed when convenient.

The new Gear Keeper Integrated Retractable Holster for Range Finders holster measures 41/2"x1 1/2"x41/2", is belt mount, and available in Realtree® Camo. The Retractor has a 9 oz. force and extends to 32".

After your very first use, you will want to loudly rave about the new Gear Keeper Integrated Retractable Holster for Range Finders, because you'll know that the hunt for a high-quality, high-performance and virtually silent holster for your range finder is a resounding success.

For more information about the new Gear Keeper Integrated Retractable Holster for Range Finders, contact Hammerhead Industries, Inc. at 1501 Goodyear Avenue, Ventura, CA 93003 • Phone: (805) 658-9922 • Fax: (805) 658-8833 • Or visit [www.gearkeeper.com](http://www.gearkeeper.com).
