WHETHER YOU'RE IN THE YARD OR IN THE FIELD — KEEP HANDS WARM AND DRY WITH NEW CAMO WATERPROOF WINTER™ GLOVES

Outdoor Work And Play Enthusiasts Can Rely On New Youngstown Gloves For Unrivaled Durability And Comfort

Incredible dexterity and protection is matched only by incredible warmth with the new Camo Waterproof Winter™ gloves by Youngstown Glove Company®. Designed and field-tested to excel in cold-weather environments, these new gloves are perfect for every activity outdoors from 'chilling' in a treestand to shoveling snow in your yard.

The Youngstown Camo Waterproof Winter gloves feature the Mossy Oak® New Break-Up™ camo pattern, making them ideal for your ATV ride through the backcountry or while waiting out that weary whitetail. The gloves are part of the company's line of Performance Work Gloves, which are renowned for shielding wearers from both danger and the elements all without surrendering comfort or dexterity.

The Youngstown Camo Waterproof Winter gloves include a slew of hunter-friendly features that'll keep your trigger finger warm and on its game such as Youngstown's patented three-layer system developed through a combination of great design and technologically advanced materials. The gloves are lined with a revolutionary wool/fleece blend Sportwool™ liner which provides exceptional warmth and comfort. A waterproof, windproof and breathable inner membrane is then layered on top to keep hands and fingers both warm and dry. These two components are housed within a durable and form-fitting outer shell which lends paramount protection all while giving the wearer surprising flexibility.

Safety is a priority for Youngstown and all its gloves include important features to safeguard hands while in the face of harsh and oftentimes dangerous environments. Protective internal knuckle protection is built into the top of the Camo Waterproof Winter gloves as well as padded protection to shield against bruises, nicks and scrapes.

The form-fit Youngstown Camo Waterproof Winter gloves also feature a flexible double-layered synthetic suede palm giving it maximum durability allowing it to last through the toughest of activities from construction and assembly work to ice fishing and shooting.

The lightweight gloves which are washable also have a terry cloth thumb for wiping sweat and debris as well as double-stitched bonded Nylon threading making the gloves that much more resilient. A supportive Neoprene® cuff has an adjustable Velcro® closure for keeping out cold and wetness. The Youngstown Camo Waterproof Winter gloves are available in sizes small through XX large.
