PRÓIS® GALLEANN JACKET INVITES MOTHER NATURE TO BRING IT ON

Jacket is Part of Company's Formidable Rain System for Women Hunters

For serious hunters who hunt through the seasons, rain is often a factor. Stay dry and warm with the Próis® Galleann Jacket, a technologically advanced piece of gear every huntress should have. Lightweight, hard-wearing and perhaps most importantly, packable, the jacket is a must-have, especially when the heavens decide to pour.

Named for the Gaelic word "storm," the all-new for 2015 Próis Galleann Jacket is the company's premium, technical rain jacket and has been scientifically designed to be the most functional and durable rain jacket in the industry. Constructed from 100 percent polyester 20,000 / 10,000 laminate, the jacket is extremely lightweight and completely waterproof – always important whether it's drizzling or in an all-out storm. Whether sitting, squatting, lying down, or even running the jacket is designed to move seamlessly with you. What's more it's built to be silent when performing all these actions. Finally, the jacket is engineered to be breathable, enabling you to remain as dry as possible.

The Próis Galleann Jacket packs into its own pocket making it simple to store and carry with you in the field, ensuring you're well prepared should the weather take a turn for the worst. The high performance jacket has fully waterproof zippers, taped seams and snap-down sliders to help keep you and your gear dry. The hood also has an exterior drawstring, which allows for a more precise fit and better peripheral vision.

Pair the Próis Galleann Jacket with the Próis Galleann Pants, which are built from the same state-of-the-art materials and also packs into its own pocket. Notably, the pant leg zippers extend up the entire leg so you can slide them on and off efficiently. The pants also have detachable cordura gaiters to secure your boots and help reduce moisture around the boot and ankle.

The Próis Galleann Jacket and Pants are sold separately. They are both available in sizes XS through XXL and come in either the color olive, Realtree APX® or Realtree Max-1® camo.

Próis was created for women, by women who refuse to settle for downsized men's gear or upsized children's gear. Each garment is created with the most technologically advanced fabrics available and a host of advanced features to provide comfort, silence and durability. The company's out-of-the-box thinking has resulted in amazing designs for serious hunters that have taken the industry by storm and raised the bar for women's outdoor apparel.
