GET ON TARGET FAST WITH THE HAWKE® OPTICS VANTAGE IR 1-4X20 SCOPE! Experience Rapid Target Acquisition and Amazing Accuracy in A Value-Packed Optic

[Hawke® Optics](#), a worldwide leader in quality sporting optics that perform outstanding in the field while maintaining optimum value for the consumer, offers you one of the most versatile, accurate and fast-handling optics available today - the Vantage IR 1-4x20 scope.

“Our Vantage IR 1-4X20 scope sets the standard for versatility,” said Kevin Sheehan, Hawke Optics VP of Sales & Marketing. “It represents everything a shooter could want in a compact scope - versatility, fast target acquisition and extreme value, all things we hold dear at Hawke. This is a scope any shooter can enjoy.”

The Hawke Optics Vantage IR 1-4x20 scope was designed from the ground up to be the most versatile optic you can get. Whether you mount it on your shotgun for turkey hunting or your rifle for target shooting and hunting, this scope gets you on target fast and easy every time. It uses Hawke’s specialized Dot IR reticle for extremely fast target acquisition. Being a multi-power scope, you can use it on 1x for reflex shooting when the target is in close. However, you also can zoom in at longer distances with up to 4X magnification.

The Vantage IR 1-4x20 scope has 4-inches of eye relief and a very forgiving eyepiece. It is rated for any caliber and is a great choice ARs, rimfire, youth guns, brush guns and shotguns. It has capped low-profile ½ MOA turrets and a new precision glass-etched reticle with multi-stage illumination in both red and green. The 4 MOA illuminated center dot is surrounded by a circle that measures 10 inches at 25 yards, when on 1x magnification. The floating non-illuminated posts at 3, 6 and 9 o’clock give additional guides and level confirmation for improved accuracy and rapid target identification. The scope is built on a 1-inch monotube chassis and features a high torque zoom ring and a fast focus eyepiece. It is nitrogen purged, shockproof, waterproof, and fog proof, and carries Hawke’s legendary Lifetime Warranty, so it can handle whatever you throw at it, while giving you the peace of mind of knowing it is backed by the best warranty in the business.

About Hawke

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories.
