## **NEW GEAR KEEPER® 360° ROTATING MOLLE MOUNT MAKES A 180° DIFFERENCE IN THE FIELD Compact, Quiet And Durable, the Newest Mounts from Gear Keeper are a Tactical Necessity**

In serious and sometimes life-threatening situations, the men and women of today's military can't afford to give their gear any latitude when it comes to durability and performance. So the experts at Hammerhead Industries, Inc. have taken the demands of the field – and of those who serve in it – into account when they designed the incredibly compact, quiet and rugged Gear Keeper® 360° Rotating MOLLE Mount.

Not your average mount, the new Gear Keeper Rotating MOLLE Mount attaches easily and securely to the MOLLE system, with no dangle from the attachment point, because the new Gear Keeper Rotating MOLLE Mount attaches much like a belt clip. Whatever physical action the wearer is taking – running, jumping or going through maneuvers – the only movement will be of the gear itself, not the retractor.

Even more impressively, new Gear Keeper Rotating MOLLE Mount swivels a full 360°, allowing the attached Gear Keeper to rotate during use. Gear can be pulled up, down or to the side, making essential items not only instantly accessible, but also completely usable from just about any angle, to any position. Meanwhile, the pivot of the Gear Keeper reduces cable wear and resistance.

A range of new Gear Keeper Rotating MOLLE Mount models will provide convenience and reliable performance under virtually any conditions. Model RT4-0000 has a retraction force of 3 oz. and extends to 36". RT4-0001 has a retraction force of 6 oz. and also extends to 36". RT4-0004 boasts a retraction force of 9 oz. with a 32" extension.

In a world where high-level expertise, safety and tactical precision are key, the new Gear Keeper 360° Rotating MOLLE Mount will perform to the nth degree, bringing essential toughness and ease of operation to every mission.

For more information about the new Gear Keeper Rotating MOLLE Mount, contact Hammerhead Industries, Inc. at 1501 Goodyear Avenue, Dept. P, Ventura, CA 93003 • Phone: (805) 658-9922 • Fax: (805) 658-8833
