FIELDLINE® FRONTIER WAIST PACK™

High Visibility Waist Pack Perfect for Keeping You Safe and Your Essential Gear Accessible

For the hunts and locations where wearing blaze orange is required, hunters turn to the Fieldline® Frontier™ Waist Pack in blaze orange. Not only will its popular high-visibility color keep you safe in the field, it's a lightweight option for housing your essentials within close reach, without the bulkiness of a larger pack that'll slow you down.

Whether you're in the midst of rifle or muzzleloader season, wearing blaze orange is all part of hunting safely. Of course, its hunter orange color isn't the only thing going for the Fieldline Frontier Waist Pack, as it is the perfect companion for when you want to travel light. Measuring 6" x 13" x 5", its large main compartment is the perfect size to securely store everything you need for a day in the field including: game calls, a hunting license, keys, hunting knife, mini flashlight or ID. And if the provided storage isn't quite enough, the pack incorporates Fieldline's Gear-Lock Modular system, which allows you to customize the pack by attaching additional Fieldline accessories and gear. Additionally, the waist pack's contoured, kidney-shaped design gives hunters full access when zipped open, making it simple to retrieve cargo when on the go.

Fieldline understands that comfort goes a long way, especially when spending a day in the field, which is why the Frontier Waist Pack is built with 2-inch webbing and an adjustable waist belt to ensure a perfect fit. Weighing in at an ultra-light .435 pounds, the only extra weight your body will feel is the gear you toss in it.

Fieldline works and plays as hard as you do, and understands the rigors hunters place on their gear. Fieldline offers a lifetime warranty so you can take the Frontier Waist Pack to the woods with confidence. Fieldline is committed to providing high-quality packs, duffels and lifestyle accessories that are fully guaranteed against defects in workmanship and materials for the life of the product.
