THE ONTARIO KNIFE COMPANY® HUNT PLUS™ DROP POINT RECOGNIZED AS “BEST OF THE BEST” FOR 2017 BY FIELD & STREAM MAGAZINE

The Recognition for the OKC® American-Made Hunting Knife Marks the Company’s Third in the Past Seven Years

Each year, *Field & Stream* magazine gathers its experienced staff of outdoor experts to survey, test, evaluate, and compare all of the newest and best products the outdoor industry can produce. The prestigious **Best of the Best** recognitions are given to products that meet the high standards of these testers and surpass everything else in the category. For the third time since 2011, Ontario Knife Company® (OKC®) picks up the win for Best Knife with the HUNT PLUS Drop Point hunting knife. Check out the full article on fieldandstream.com.

“I would like to congratulate the entire OKC team and thank *Field & Stream* for recognizing the high quality and outstanding value of the HUNT PLUS Drop Point knife,” said Kenneth D. Trbovich, OKC President and CEO.

The knife design was a collaborative effort by the Company’s new product development team, including Kenneth D. Trbovich, Paul Tsujimoto, Andrew Yates, David Fenske, and Deneb Pirrone. OKC set out to design a hunting knife that was extremely functional and featured the patent-pending handle from its sister-line, the SPEC PLUS® Alpha series. *Field & Stream* described the knife as “all business” and “damned-near perfect.”

The HUNT PLUS Drop-Point provides sportsmen with an excellent quality knife at an affordable price. The HUNT PLUS Drop Point knife is 9.19 inches long total with a 4-inch blade of 55-57HRC-rated, uncoated 420 Modified stainless steel that is precision ground to hold a razor-sharp edge. The patent-pending handle is ergonomically formed from a durable synthetic-rubber compound, which allows for a solid, no-slip grip.

The HUNT PLUS Drop Point knife is truly the Best of the Best for hunting, camping, exploring, and more while being a surprisingly great value, with an **MSRP of only \$56.95**, proving that the best doesn’t have to mean the most expensive. As with all OKC made in the USA products, the HUNT PLUS Drop Point knife is proudly backed by a **lifetime warranty**. Ontario Knife Company: The Knife You Need When You Need a Knife®.

Founded in 1889, the Ontario Knife Company® is an award-winning knife, cutlery, and tool manufacturer operating out of Upstate New York for over 125 years. OKC® produces a wide range of tools, including cutlery and kitchenware, hunting and fishing knives, machetes, survival and rescue equipment, science and medical tools, and tactical knives. OKC has a long tradition of building knives and tools for the U.S. military, producing high quality equipment that has seen continuous service since WWII. In addition to being a major supplier to the U.S. Armed Forces, OKC leverages a network of distributors, dealers, and major commercial retailers to sell its products nationwide and internationally to over 35 countries. OKC’s custom manufacturing division Jericho® Tool, advances capabilities including a broad-spectrum of injection molding, tool and die, and machining operations to provide white label and OEM manufacturing services for consumer and industrial goods. Collectively OKC’s product lines and manufacturing services reach the house wares, sporting goods, tactical, security, law enforcement & first responders, education, science & medical, and industrial & agricultural industries.

For more information about Ontario Knife Company and its industry-leading line of advanced knives, machetes, edged products and specialty tools, contact Ontario Knife Company at P.O. Box 145-26 Empire Street · Franklinville, NY 14737 · Telephone (716) 676-5527 · Or visit www.ontarioknife.com. The Ontario Knife Company is a subsidiary of publicly traded Servotronics, Inc. (NYSE AMERICAN - SVT).
