PRO SERIES MATADOR BACKPACK™ FROM FIELDLINE® No Frills, No Fuss – Just Great Storage For a Day in the Field

Hunting season is around the corner, and if you've been holding out for the perfect hunting daypack that's both lightweight and durable, and won't break the bank, then your wait is over. The new Fieldline Pro Series Matador Backpack fits the bill perfectly, with no frills, no fuss, no 'bull' – just great organization and storage for your day in the field.

Long gone are the days of hauling a big bulky pack meant for a three-day hunt, when all you need is a lightweight backpack that will keep you mobile and carry the essentials. Measuring 16.5in x 12.7in x 6.5in, the Fieldline Matador Backpack can house up to 28.9 liters of gear. That's just enough space to house important items like your rain gear, binoculars, snacks and more.

The large main compartment features a three-quarter main opening, allowing for easy access to retrieve larger gear items while a front pocket with a three pouch organizer makes it easy to grab the likes of smaller items like your hunting license, game calls or keys. Both compartments feature ultra quiet and durable zippered closures built to keep items secure and hunters undetected when fetching gear. These zippers also feature paracord-style pulls for quick and easy access, even when wearing gloves. Lastly, reaching for water is a simple task when on the go thanks to the incorporated water bottle pocket located on the side of the pack.

Following suit to its namesake, the Fieldline Matador pack is constructed like a fighter, built to take on anything a rugged hunter throws its way. Featuring heavy-duty 2-ply quiet cloth, it can handle trekking thru brush and stay silent while doing it. In addition to keeping a hunter silent, it'll further help keep hunters undetected thanks to its available camo patterns: Mossy Oak® Break Up Country, Mossy Oak® Infinity and Realtree® APX. Designed to be a comfortable carry, the pack also features yoked shoulder straps and a padded back.

Fieldline works and plays as hard as you, and understands the rigors hunters place on their gear. Fieldline offers a Lifetime Warranty so you can take the Fieldline Pro Series Matador Backpack to the woods with confidence. Fieldline is committed to providing high-quality packs, duffels and lifestyle accessories that are fully guaranteed against defects in workmanship and materials for the life of the product.
