## **PRO SERIES FOX RIVER HYDRATION PACK™ FROM FIELDLINE® The Fox River Hydration Pack is Ready to Meet all of Your Adventure Needs**

If you're an active outdoorsman who spends a lot of time on the move, you need a hydration pack that can take on the rugged country. Meet the new Fieldline Pro Series Fox River Hydration Pack. The Fox River is packed with features desired by the most demanding sportsmen. Whether you're stalking antelope across the rolling hills of Wyoming, hiking the Sierras or chasing salmon along an Alaskan river, the Fox River pack will be your best friend every step of the way.

When you're out for a long day in the woods, trust that your most vital survival element is right on your back with the Fox River Hydration pack. Its incorporated 2-liter hydration reservoir ensures you won't go thirsty and it's easy to fill thanks to the quick access rear loading reservoir compartment. And, the Fieldline Pro Series Fox River Hydration Pack holds more than just water. It can house a surprising amount of gear for such a trim and lightweight pack. In fact, the pack gives you 419 cubic inches of storage space and measures 44.1 x 18.6 x 10.8cm.

The front stash pocket can be greatly expanded thanks to the two compression straps. There's a front zippered pocket for your smaller items like tags, calls and snacks while the roomy main compartment has plenty of space for everything you need for a day's hunt. There is even a dedicated key clip in the main pocket so your truck keys are always accounted for. If all these compartments aren't enough, there are multiple gear tie down loops all around the pack which can be used to add additional pouches or tie up your jacket.

Fieldline's Pro Series Fox River Hydration Pack is one of the most comfortable you will find anywhere thanks to its generously padded back and shoulder straps. The padded back is covered with a durable mesh to increase airflow and breathability, ensuring you stay as dry as possible even on your most rigorous hikes. The Fox River also features a sternum strap designed to keep the shoulder straps in place and prevent the pack from shifting across your back. The soft outer shell allows the pack to flex with you on your more demanding excursions while staying quiet on your more stealthy ones. The paracord style zipper pulls give you quick and easy access to pockets, even when wearing gloves.

The Pro Series represents Fieldline's finest hunting packs. The Fox River Hydration Pack takes the water carrier to the next level by building a pack that is durable enough to hunt as hard as you do. Fieldline understands the rigors hunters place on their gear and offers a Lifetime Warranty so you can take the Fieldline Pro Series Fox River Hydration Pack to the woods with confidence time and time again. Fieldline is committed to providing high-quality packs, duffels and lifestyle accessories that are fully guaranteed against defects in workmanship and materials for the life of the product.
