## YOUR PCP AIR RIFLE NEEDS A HAWKE® OPTICS AIRMAX 30 TOUCH SCOPE

### The Airmax 30 Touch Riflescope Was Designed For Modern Pre-Charges Pneumatic Air Rifles

Hawke® Optics leads the world in modern, high-powered air rifle optics, and other quality sporting optics that perform in the field at an amazing value to consumers. Today's latest pre-charged pneumatic air rifles are more advanced than ever, and they need a scope designed specifically for them. The new Airmax Touch scope, with zero eye relief, is exactly what you need to be directly on target again and again. Get in 'Touch' with your inner accuracy.

The Airmax 30 Touch is a 3-12x32 scope built on a 30mm main tube with a wide-rage view. It has zero eye relief with an included rubber eye piece that lets you get right up close to the action since recoil is virtually non-existent. The Airmax 30 Touch has Side Focus parallax adjustment that can focus down to 10 yards, and has an additional 4-inch, Side Focus wheel supplied in the box. Adjustable red, illuminated reticles allow for maximum visibility in any lighting condition. It has six levels of brightness, with off positions between even level.

The Airmax 30 Touch comes with 16-layer multi-coated optics and the AMX IR illuminated, etched-glass reticle with 10x Mil Dot with multiple aim points - highly useful when shooting air rifles with loopy trajectories. The lower post has Half Mil Dot spacing for more aim points on long shots. The horizontal bars are calculated at 0.5, 1.5, 2.5, 3.5 and 4.5 mil spacing. Hollow posts are segmented into mil spacing and can be used for bracketing. It has 1/10MRAD capped, resettable target turrets and an adjustable zoom ring with an index magnification that has an audible click setting, so you can know exactly what settings you're getting while never taking your eyes off the target.

The Airmax 30 Touch is a compact, low-profile scope that is ready to top your pre-charged pneumatic air rifle and get you on target. Like all Hawke Optics, it is backed by their lifetime, Hawke Worldwide Warranty, giving you peace of mind, and unparalleled accuracy.

#### *About Hawke*

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories. Accuracy, strength and precision; Hawke optics blend iconic design, exceptional engineering and unrivalled craftsmanship to create an unforgettable viewing experience. As awareness of Hawke Sport Optics continues to grow, more customers are trusting Hawke as the unquestioned industry leader in optics.
