ONTARIO KNIFE COMPANY® EXPANDS HUNT PLUS™ SERIES WITH CAMP KNIFE

OKC® Adds to Award-Winning, American-Made Hunt Plus Series with Versatile Camp Knife

Ontario Knife Company® (OKC®) is widely known for making some of the very best knives on the market. The HUNT PLUS™ series, a recent “Best of the Best” Award winner with *Field & Stream* Magazine, builds on that reputation with the addition of the new, versatile HUNT PLUS Camp Knife.

Whether you’re sitting in hunting camp, preparing a meal, enjoying a relaxing camping trip with family, or back at home butchering out your game, the design of a good camp knife makes it an invaluable tool. This makes the HUNT PLUS Camp Knife a logical addition to the series. The knife has an overall length of 10.8 inches with a 5.6-inch long 55-57HRC-rated, uncoated stainless-steel blade that is precision ground to hold a razor-sharp edge. Like the other knives in the series, the patent-pending handle is ergonomically formed from a durable synthetic-rubber compound, which allows for a solid, no-slip grip. It comes with a durable nylon sheath and has an incredible value MSRP of \$44.95.

“The HUNT PLUS Camp Knife is a natural addition to the HUNT PLUS Series due to its extreme versatility for the hunter and outdoor enthusiast,” said Andrew Yates, Senior Director of Sales & Marketing. “Our HUNT PLUS Camp Knives are proudly backed by a lifetime warranty and are proudly **Made in the USA**. Like other HUNT PLUS knives, they are value-priced, making them a great buy for every budget.”

Founded in 1889, the Ontario Knife Company® is an award-winning knife, cutlery, and tool manufacturer operating out of Upstate New York for over 125 years. OKC® produces a wide range of tools, including cutlery and kitchenware, hunting and fishing knives, machetes, survival and rescue equipment, science and medical tools, and tactical knives. OKC has a long tradition of building knives and tools for the U.S. military, producing high quality equipment that has seen continuous service since WWII. In addition to being a major supplier to the U.S. Armed Forces, OKC leverages a network of distributors, dealers, and major commercial retailers to sell its products nationwide and internationally to over 35 countries. OKC’s custom manufacturing division Jericho® Tool, advances capabilities including a broad-spectrum of injection molding, tool and die, and machining operations to provide white label and OEM manufacturing services for consumer and industrial goods. Collectively OKC’s product lines and manufacturing services reach the house wares, sporting goods, tactical, security, law enforcement & first responders, education, science & medical, and industrial & agricultural industries.
