GEAR KEEPER® GIVEAWAY NOW LIVE ON FACEBOOK

Right Now, Fans Have the Chance to Win One of **Five** Gear Keeper Integrated Retractable Holsters for Rangefinders

Joining the conversation has never been so rewarding! Going on right now, Facebook fans of Gear Keeper® have the chance to win one of **five** Gear Keeper Retractable Holsters for Rangefinders. All fans need to do is 'like' the [Gear Keeper Facebook page](#), and enter the contest via the contest tab on the page, or by clicking [here](#). It's that simple!

This rugged – and soon to become absolutely essential – piece of hunting equipment brings to the field everything a hunter demands: durability, safety, convenience and improved silence.

You'll be better prepared to track and successfully shoot that game you're after when you slip your rangefinder into the padded holster of the new Gear Keeper Integrated Retractable Holster for Rangefinders. Not only will the Gear Keeper Integrated Retractable Holster for Rangefinders securely carry one of your most valued pieces of equipment, helping to reduce nicks, scrapes, damage and loss, but it will also hold the rangefinder snugly within the holster and close to the body – even when hiking through thick brush or rough terrain. Thanks to the Gear Keeper Integrated Retractable Holster for Rangefinders, you can apply increased stealth to bag that easily spooked deer or flighty wild turkey. Your rangefinder won't be hanging and dangling, getting in the way, getting snagged and getting banged around or giving away your position.

When called into action and set up to hunt, the Gear Keeper Integrated Retractable Holster for Rangefinders itself is quiet, utilizing a smoothly operating cable that makes very little noise. Padded and made of quality materials, the retractor pouch further reduces noise. The Gear Keeper Integrated Retractable Holster for Rangefinders allows for use and quick release for taking a shot and can be re-stowed when convenient.

The Gear Keeper Integrated Retractable Holster for Rangefinders measures 4 1/2"x1 1/2"x4 1/2", is belt mount, and available in Realtree® Camo. The Retractor has a 9 oz. force and extends to 32".
