## **PRÓIS® HUNTING AND FIELD APPAREL BRINGS TOGETHER THE BEST OF BOTH WORLDS WITH ITS PRÓIS HOME HUNTING PARTIES**

### **Shop, Hunt, Share — and Earn A Few Bucks While You're At It!**

If you're familiar with Próis® Hunting and Field Apparel, you know that this company is more than just a manufacturer of some of the highest quality, technical hunting clothing for the serious female hunter. It's an organization that continues to reach out to the female hunting community and celebrate strong, passionate women in the outdoors. So it's no surprise that this innovative company has launched its Próis Home Hunting Party program, which allows fans of the brand the opportunity to shop, earn discounts and even embark on a new career — all from the comfort of their own home.

Your hunting gal pals will be thrilled to come to your Próis Home Hunting Party in order to gear-up for their next hunt. And as their host, you can earn incredible discounts on the latest Próis gear just for you. Taking your passion one step further is a career opportunity at your fingertips as a Próis Independent Agent. Agents not only get to throw hunting parties for a living, they can start a profitable career earning income, discounts and incentives with flexible hours, working around a schedule they create. Plus, there's a dedicated team at the Próis home office to give Agents the training and support needed for success, including Próis' newly appointed Home Hunting Party Coordinator, Joni Viles.

"We're thrilled to bring Próis apparel directly into the homes of our customers as well as provide exciting career opportunities for women in the outdoor industry," says Kirstie Pike, President/CEO of Próis Hunting and Field Apparel. "With the recent addition of Joni to oversee the program and provide support to our Agents, it's a great time to get involved in Próis' Home Hunting Parties," she added.

Próis was created for women, by women who refuse to settle for downsized men's gear or upsized children's gear. Each garment is created with the most technologically advanced fabrics available and a host of advanced features to provide comfort, silence and durability. The company's out-of-the-box thinking has resulted in amazing designs for serious hunters that have taken the industry by storm and raised the bar for women's outdoor apparel.
