WILEY X,[®] INC. ADDS NEW WX GRAVITY TO ITS BLACK OPS COLLECTION

New-For-2012 Climate Control™ Model Provides Law Enforcement, Secret Service and Other Tactical Wearers With Superior Comfort, Visual Acuity and Proven Ballistic Protection

Wiley X,[®] Inc. has once again expanded its popular Black Ops Collection, adding the new WX Gravity Climate Control™ model to this exclusive line of performance protective eyewear products developed for law enforcement, Secret Service and other tactical wearers. And while these glasses are ready for any mission, their comfortable frames, versatile lenses and stealthy good looks make them ideal for any occasion or activity.

Like all Climate Control models, the WX Gravity features Wiley X's soft, removable Facial Cavity Seal that eliminates peripheral light and creates a comfortable environment for the eyes. It also seals out dust, airborne debris and wind, leading causes of eyestrain and the damaging effects of Dry Eye Syndrome. Whenever you're working or playing outdoors, Wiley X's Climate Control technology keeps your eyes comfortable and your vision sharp.

What sets the Black Ops WX Gravity apart is its combination of Smoke Grey lenses with stealthy Matte Black frames, for a look that's all business and focused on the mission at hand. The Black Ops WX Gravity also delivers the advanced vision protection that has made Wiley X a leading provider of tactical eyewear systems for law enforcement and U.S. military units in action around the world. Wiley X is the only premium performance sunglasses brand whose entire line meets the stringent ANSI Z87.1-2003 High Velocity and High Mass Impact Safety standards. The new Black Ops WX Gravity takes this level of protection even further, meeting the military's updated GL-PD 10-12 Standard for ballistic eye protection.

Like many Wiley X eyewear styles, the new Black Ops WX Gravity is also prescription ready. This makes it a perfect choice for law enforcement and tactical wearers who need to wear corrective lenses on or off the job.

For more information on the new Black Ops WX Gravity, additional Black Ops Collection models, or the company's complete line of performance protective eyewear for every outdoor activity — visit Wiley X, Inc. at 7800 Patterson Pass Road, Livermore, CA 94550 • Telephone: (800) 776-7842 • Or visit online at www.wileyx.com.
