ARCHER XTREME™ HEADHUNTER MICRO XTREME

Warrior Built for Maximum Performance in a Minimalist Package

If you're a serious bowhunter who pushes the envelope to the *xtreme* on every hunt, you're constantly on the lookout for the penultimate piece of gear. This sentiment is amplified when you're one of the hottest hunting shows on the Outdoor Channel. In fact, the crew of HeadHunters TV set out to find the lightest, strongest, most dependable sight the archery industry had to offer. This quest left them with just one choice, Archer Xtreme's Headhunter sight. And this year, AXT has taken this no frills, no non-sense sight to another level in precision and accuracy with the introduction of its new AXT HeadHunter Micro Xtreme sight.

Archer Xtreme's HeadHunter Micro Xtreme offers all of the bowhunter's most desirable features without the bulk. The HeadHunter Micro Xtreme is machined from solid 6061 T6 aluminum for unparalleled strength and durability. Although small in size, the HeadHunter Micro Xtreme offers a generous two-inch sight ring. The outer 6061 T6 aluminum housing is lined with a synthetic red ring for increased peep to sight alignment. The housing contains the HeadHunter Micro Xtreme's five .019" Blackout pins. The blackout pins are constructed with AXT's Center Core Pin Technology for increased durability and ruggedness—a critical factor when your season's success or failure will be determined miles from civilization.

The AXT HeadHunter Micro Xtreme features two inches of micro adjustable windage allowing quick adjustments on the target range and critical fine adjustments when sighting in your broadheads. Reversible for left- or right-handed shooters the AXT HeadHunter Micro Xtreme offers two different length mounting options and readily accepts your favorite bow mounted one-piece quiver.

Older eyes and hunters in low light conditions will appreciate AXT's Standard LED Light that fits any AXT sight. The blue LED coupled with the ultra-bright AXT Sight Ring ensures you will have a complete and confident sight picture from the first minute of legal shooting light to the end and beyond at the target range.

Whether plucking a few arrows at the range or stalking the trophy of a lifetime, Archer Xtreme's Micro HeadHunter Xtreme is as tough, accurate and ready for duty as the bowhunting warriors who strive for the pinnacle of perfection in all pursuits afield. In the unlikely event you should ever find your HeadHunter Micro Xtreme in need of repair or replacement, AXT offers a lifetime warranty.

For more information on the Archer Xtreme HeadHunter Micro Xtreme or Archer Xtreme's full selection of high-performance sights, quivers, stabilizers and archery accessories, please contact: Archer Xtreme at P.O. Box 328 Belgrade, MT 59714. • Telephone: (406) 924-6113 • Or visit www.archerxtreme.com.
