PRÓIS® HIGH PLAINS BRUSH PANTS™ FOR THE SERIOUS UPLAND GAME HUNTRESS

New Performance Pants Prove Highly Functional, Supremely Comfortable and a Perfect Fit

Let's face it, until Próis Hunting & Field Apparel came onto the hunting scene in 2008, the majority of hunting pants were made for men, by men – men without hips, men who are generally taller than us, men whose waist falls in a different place than ours. Women hunters were expected to settle for wearing men's gear, or oversized children's clothing in the field because there was no other alternative – until now. Enter the new Próis® High Plain Brush Pants™ – upland game hunting pants made for women who hunt, by women who hunt.

Whether you hunt quail or pheasant one thing is for certain: everything you take into the field is important from your dog and shotgun to your daypack and what you wear. Próis High Plains Brush Pants are a part of an apparel system designed to become a seamless part of you so you can focus on what matters, the hunt.

Constructed to be just as rugged as they are a good fit, the pants provide the comfort and protection you need for moving through upland cover. Engineered with a cotton/poly base and heavy-duty Cordura facings, the Próis High Plains Brush Pants' waist rests at your natural waistline and is complete with elastic in the side bands and cam strapping/ladder locking allowing for adjustment. Bilateral front pockets with zippered closures are ideal for keeping extra shells and valuables like keys or a cell phone. Back pockets with pillowtop covers keep contents securely in place.

Pleated knees optimize articulation and provide freedom of movement. The pants cuffline has an elastic drawstring as well as cordlocking to keep pants tight to boots. Boot zippers have 1-inch overlay flaps to keep debris out. An additional Cordura scuffplate is stitched to the inside seam of the pants reducing wear and adding to the overall durability of the pants.

The Próis High Plains Brush Pants, which are machine washable, come in sizes XS through XL and are available in colors olive and khaki.

Próis was created for women, by women who refuse to settle for downsized men's gear or oversized children's gear. Each garment is created with the most technologically advanced fabrics available and a host of advanced features to provide comfort, silence and durability. The company's out-of-the-box thinking has resulted in amazing designs for serious hunters that have taken the industry by storm and raised the bar for women's outdoor apparel.
