## **TRUST YOUNGSTOWN® WATERPROOF SLIP FIT™ GLOVE TO PROTECT HANDS FROM BONE CHILLING COLD**

### **Ultimate Winter Work or Recreation Glove is 100 Percent Waterproof and Windproof**

A winter wonderland sounds nice, until you actually step into it. Enter Youngstown® Waterproof Slip Fit™ glove, your partner in crime when tackling all those projects you just need to get done at work or at home. Made to keep your hands warm and dry without sacrificing dexterity, this all-purpose glove is perfect for everything from yard work to construction jobs. Also great for recreational use, pull on the Youngstown Waterproof Slip Fit glove for whatever fun you want to have in the cold from skiing and snowmobiling to jogging and hunting.

Kiss chapped, frost-bitten fingers goodbye with the Youngstown Waterproof Slip Fit glove which employs the company's patented triple layer technology beginning with an abrasion resistant form-fit outer shell made for long-lasting wear as well as to move with the contours of your hand for greater flexibility. Stretch fabric is utilized for a snug fit across the back of hand to fit a wide variety of sizes. Internal knuckle protection helps to keep hands safe while the palm, made of one layer of synthetic leather maximizes dexterity all while still offering waterproof technology. Double-stitched bonded nylon thread boosts the overall life of the glove.

Next, a breathable inner membrane provides waterproof and windproof protection against rain, ice, snow and sleet essentially keeping winter out and your hands ready for a full day of work. A soft micro-fleece inner lining completes the triple layer making for a glove that is as functional as it is comfortable.

The Youngstown Waterproof Slip Fit glove features an easy on/off slip fit cuff and a terry cloth thumb for wiping sweat and debris from your face and brow. The glove is machine washable and available in sizes Medium through XX large.

Youngstown Glove Company manufactures the world's most durable performance work gloves. Founded in 2002, the company has been unwavering in their commitment to quality, innovation and customer satisfaction. Offering more than 30 performance work glove styles available in sizes medium through XX large, the company strives to exceed the demanding needs of professional workers. Every Youngstown style developed endures extensive testing – both in the laboratory and in the field – prior to being slipped onto customer hands. Thorough testing, proven patterns, innovative materials and meticulous quality control are all hallmarks of a company with a simple goal: to design the best working gloves you've ever owned.
