ACME THUNDERBOLT® SPOON — A PROVEN PERFORMER ON TROPHY TROUT

Frantic Swimming Action, Flash and Color Fool Wary Browns, Rainbows, Cutthroats, Brookies and Other Freshwater Gamefish

Acme's Thunderbolt® spoon uses a deadly combination of erratic swimming action, underwater flash and life-like color to trick trout and other freshwater gamefish into smashing strikes. And when a feisty brown, rainbow or brook trout grabs hold of this popular lure, they're in for the shock of their life.

The time-tested Acme Thunderbolt features a full-bodied shape that imitates the look of a fat, wounded baitfish. Thunderbolt swims with an erratic, exaggerated wobbling action that triggers a predatory response in any fish that feed on minnows, fry and other small forage. With three available sizes and nine different colors, the Acme Thunderbolt is ready for action in streams, rivers, lakes or ponds. In addition to trout, this premium quality spoon is deadly on warm water species like bluegill, crappie and bass.

Each size Acme Thunderbolt is offered in a range of premium metallic or baked on enamel finishes that help anglers "match the hatch" and catch fish in any type of conditions. Among the proven finishes are Watermelon, Metallic Perch, Gold with Red, Black and Yellow Spots and Rainbow Trout. Five versions feature reflective prism tape in a distinctive "lightning bolt" pattern: Gold/Silver Prism, Nickel/Silver Prism, Nickel/Blue Prism, Gold/Chartreuse Prism and Florescent Red/Silver Prism. All Thunderbolt spoons feature needle-sharp treble hooks and a stainless steel split ring.

Acme's 1/10-oz. Thunderbolt is an ideal choice for ultralight tackle in small mountain streams, high-country lakes or panfish-filled ponds. The 1/6-oz. Acme Thunderbolt is perfect for larger creeks or lakes where added casting distance is needed. Skilled anglers use Acme's biggest ¼-oz. Thunderbolt when trolling or casting in lakes for large trout or fishing deeper river pools.

For more information about Acme's Thunderbolt spoon — or to learn about how to catch more fish in fresh or saltwater with Acme's full line of proven metal fishing lures — contact Acme Tackle Co. at 69 Bucklin St., Providence, RI 02907 • Telephone: (401) 331-6437 • Or visit online at: www.acmetackle.com.
