## **NRA® CARGO SLIDE BY JOTTO GEAR**

### **Cargo Management Solution and Bed Extender for Your Pickup Makes Camping, Hunting and Just Plain Lugging Gear Around Easier.**

Next time you have to reach awkwardly or crawl into your truck bed to fetch something out, just think how easy it could have been if you had an NRA® Cargo Slide by Jotto Gear. Truck caps and tonneau covers are handy to protect your gear, but they actually become a hindrance when you're trying to retrieve it. The NRA® Cargo Slide's unique design glides in and out of your truck gate to give you full access to all your equipment making it perfect for camping gear, tackle, tools or other cargo.

Ideal for work or play, the NRA Gear Cargo Slide is built for ultimate strength and durability without adding excessive weight to your truck bed. The patent-pending design is constructed of extruded aircraft grade aluminum and is anodized, a process used to increase the thickness of the natural oxide layer on the surface of the metal. The slide also features an AlumaTrack sliding system and has 18-24 roller bearings to enable effortless movement of cargo in and out of your truck bed.

Highly functional, the NRA Gear Cargo Slide is made in the USA and can be easily installed by most people. If the need to haul mulch or sand arises, it can be taken out in less than 5 minutes. The slide is also available with the optional AlumaPlank flooring system, a specialized system providing superior strength without the weight of a ¾" to 1" thick plywood floor. The 3-inch wide aluminum floor planks snap together and have a ribbed surface to help grip your cargo and is available in silver-tone metal finish.

The NRA Gear Cargo Slide is offered with two different weight capacity options — Light Duty and Medium Duty— which have, respectively 800 and 1200 pound weight capacities. It is available in a multitude of sizes to fit a wide variety of truck beds including Ford, Chevy, Dodge, Toyota and Nissan mid-size and full-size trucks. All that changes are the lengths and widths, based upon the vehicle type and bed length.

NRA Jotto Gear offers officially NRA licensed products designed to intelligently store and keep your gear accessible. In addition to the NRA Gear Cargo Slide, products include the NRA Handgun Holster and the NRA Home Defense Cabinet. All products are constructed of the finest materials and technologies available and are manufactured at the highest standards in order to deliver superior products worthy of the Jotto Gear and NRA names. NRA Jotto Gear is an affiliate brand of Jotto Desk, offering computer mounts and docking & mounting stations for mobile professionals as well as being the only Total Solutions Provider for the Public Safety market.
