NEW FIELDLINE® TACTICAL SURGE HYDRATION PACK™ Twice The Quality of the Competition at a Fraction of the Price!

Whether you're a tactical operator, or are just as active as one, you'll find every functional feature you demand in the new Fieldline® Tactical Surge Hydration Pack™. Featuring an integrated 2-liter hydration reservoir combined with incredible comfort and carrying capacity, the new Surge Hydration Pack will be your survival savior for when your mission seems impossible.

The Surge Hydration Pack is ideally sized to carry all of your gear for a day trip or overnight adventure. Overall, the pack fills out to accommodate 17.7 x 9.25 x 6.89 inches of gear along with the included 2-liter hydration reservoir — with left and right hose ports — which makes it a personal, safe and convenient, emergency hydration station.

The main compartment of Fieldline Tactical's Surge Hydration Pack was designed for top loading, but unzips to allow complete access or assessment of critical gear. Outboard of the main compartment is a secondary compartment that is supplemented by three internal pockets to create a logical organization of equipment for quick access. Two addition front pockets are included. The smaller front pocket features a zippered closure, and provides solid purchase in any weather condition even when wearing gloves. The larger bottom pocket also incorporates an organizer to offer quick access to critical pieces of gear and Velcro® nametape and patch holders.

The outer face of the coyote-colored Fieldline Tactical Surge Hydration Pack is decked with a MOLLE (Modular Lightweight Load-carrying Equipment) system to ensure it's ready to help you bear any additional load requirements your operation or outing may require such as ropes, carabineers, ice axe, crampons or rain gear. Lashing extra gear to the pack can affect the way it rides, causing discomfort and hindering your operation. To prevent such an incident, the Fieldline Tactical Surge Hydration Pack was designed to be ultra customizable with an adjustable shoulder strap system, sternum slider, waist belt, as well as side and bottom compression straps.

Because Fieldline works and plays as hard as you do, it also offers a Lifetime Warranty so you can take it to the field with confidence! Fieldline is committed to providing high-quality packs, duffles and lifestyle accessories that are fully guaranteed against defects in workmanship and materials for the life of the product.

To learn more about Fieldline Tactical's new Surge Hydration Pack or any of the company's rugged gear and accessories, contact Fieldline at 1919 Vineburn Avenue, Los Angeles, Calif. 90032 • Telephone: (800) 438-3353 Or visit online at www.fieldline.com.
