ARCHER XTREME™ HEADHUNTER KEEPING IT SIMPLE AND DEADLY

Official Sight for HeadHunters TV on the Outdoor Channel, the HeadHunter Series is Ideal for Hunters Demanding Quality and Simplicity

The HeadHunter from Archer Xtreme™ is a no nonsense, durable hunting machine that has been thoroughly tested and manufactured to the exact specifications for the driven and talented crew of the popular HeadHunters TV show on the Outdoor Channel. The AXT HeadHunter is strong and sturdy — none of the frills, all of the dependability and reliability a bowhunter could ask of a pin sight.

The AXT HeadHunter Series sights are carefully machined from solid 6061 T6 aluminum, for a solid, smooth and precise adjustment. The AXT HeadHunter Series features two different configurations. The AXT HeadHunter Pro 50 features five .019" Blackout pins and is ideal for hunters and target shooters alike. On the other hand, the AXT HeadHunter Pro 30 was designed with three .019" Blackout pins and is ideal for ethical hunters shooting out to about 40 yards.

Notable features and specifications of the AXT HeadHunter include two inches of windage adjustment, Super Flex Fiber Optic Pins, bubble level and a reversible mounting bracket that can be reversed for right- or left-handed shooters.

The AXT HeadHunter comes standard with the AXT Sight Ring. This innovative system makes aligning the peep to the sight housing easy — from the draw all the way through the shot. The AXT Sight Ring comes standard in red, orange or green. Also of note is the AXT Standard LED Light, which fits all AXT sights. The blue LED coupled with the ultra bright AXT Sight Ring adds confidence when shooting in low light conditions.

The AXT HeadHunter — as with all Archer Xtreme sights — comes standard with laser markings for both windage and elevation making sighting in and adjusting your sights between field points and broadheads a snap. All Archer Xtreme sights feature a full lifetime warranty.

While greatness cannot be measured, support and demand can. The highly rated HeadHunters TV on the Outdoor Channel is known for quality programming, equipment and trophies. Pursuing some of North America's largest trophies, the HeadHunters crew put it all on the line and demand the utmost from their equipment. Riding atop their Mission bows are none other than the very best in bowsight technology, Archer Xtreme's HeadHunter sight. If quality begets quality, AXT's HeadHunter could certainly be a proof of concept and has a reputation for bringing meat home for the table and trophies on the wall.

For more information on the Archer Xtreme HeadHunter Series or Archer Xtreme's full selection of high-performance sights, quivers, stabilizers and archery accessories, please contact: Archer Xtreme at P.O. Box 328 Belgrade, MT 59714. • Telephone: (406) 924-6113 • Or visit www.archerxtreme.com.
