THE ONTARIO KNIFE COMPANY® XM®-1 FOLDER IN DESERT CAMO

Heavy-Duty Survival Blade Features Desert Camo That Blends In, and Incredible Toughness That Stands Out

Leading knife manufacturer Ontario Knife Company® is proud to offer an extremely effective blade in its XM® Series of ultimate combat folders — the OKC XM-1 Folder in Desert Camo (NSN: 1095-01-535-5739). The OKC XM-1 blade not only features the company's signature heavy-duty construction blended with the most advanced engineering — it's available in the popular Desert Camo pattern, allowing operators to keep an even lower profile when in the field.

A combat deployed knife like the OKC XM-1 Folder must be as tough as the soldiers who use it, abundant with the standout features needed in the heat of battle. With a tougher-than-nails N690Co Stainless Steel construction and a Desert Camo finish, this sharp-looking blade not only boasts incredible strength, it is engineered to be a lightweight, precision balanced alternative to spring-loaded blades and locks. In fact, the OKC XM-1 Folder will open smoothly and lock in place with ease every time.

Available with either a plain or partially serrated blade edge, and yielding an overall length of 8", the OKC XM-1 Folder in Desert Camo also features cryo-quenched dual titanium liner locks for maximum safety. Its machined aircraft aluminum handle is extremely low profile, housing a 3.375" long / 0.19" thick blade, and comes equipped with a handy pocket clip so it is conveniently concealed in a pocket, boot or belt. The handle features an ergonomic thumb ramp and finger grooves to improve grip and the blade's fuller keeps the knife's overall weight at a mere 6.3 ounces — resulting in a lightweight, useful knife.

Founded in 1889, The Ontario Knife Company is a U.S. owned and operated organization that continually stays on the forefront of knife designs and cutting-edge technology. Ontario's military supply roots go deep into its history, as the company has been supplying quality cutlery to the U.S. Military since WWII. Today, the company consistently develops new knife designs that allow military personnel to have the products they need in order to get their jobs done both on and off of the battlefield. Ontario Knife is also especially proud of being selected as the sole provider of the United States Marine Corps OKC3S Multi-purpose Bayonet System and the Model 4 Rescue Strap Cutter. In addition to being a major supplier to the U.S. Armed Forces, Ontario Knife teams with a nationwide network of distributors/dealers to market its products to many diverse consumer and niche markets including the tactical/military, hunting, outdoors, law enforcement and cutlery industries. Worldwide sales activity encompasses more than 46 countries and continues to grow.

For more information about Ontario Knife Company and its industry-leading line of advanced knives, machetes, edged products and specialty tools, contact Ontario Knife Company at P.O. Box 145-26 Empire Street · Franklinville, NY 14737 · Telephone (716) 676-5527 · Or visit www.ontarioknife.com. The Ontario Knife Company is a subsidiary of publicly traded Servotronics, Inc. (listed as NYSE MKT - SVT).
