HAWKE® OPTICS INTRODUCES HIGH QUALITY PRISM SIGHTS ALL NEW FOR 2023, HAWKE ADDS THREE MODELS OF MONOTUBE PRISM SIGHTS TO PRODUCT LINEUP

[Hawke® Optics](#), a worldwide leader in quality sporting optics that perform outstanding in the field while maintaining optimum value for the consumer, introduces three models of monotube Prism Sights with digital control. These new models enhance Hawke's expanding lineup of high-quality, crisp, clear, and durable optics.

Hawke's new Prism Sights includes a 1x15 model featuring the Speed Dot reticle with center dot and horseshoe. The 4x24 and 6x36 models feature a Bullet Drop Compensating (BDC) reticle designed for 5.56 NATO ammunition. Supplied with a low-profile mount and a lower 1/3 co-witness mount, these sights are designed for AR pattern rifles.

With 10-stage digital brightness control, exposed 1 MOA click turrets, and an auto shut off and shake awake feature, the all-new Prism Sights from Hawke are ideal for use on ARs, hunting rifles, and pistols. Like all Hawke scopes, the Prism Sights are nitrogen-purged, shock-, water-, and fog-proof, and are all caliber rated. The sights are constructed out of high-quality aluminum, which means they can easily withstand recoil and in-the-field use. All of Hawke's scopes are built with standards of extreme durability, so from your .17 HMR to your .50 BMG, you won't have to question if your optic will stand up to the test.

Hawke's new Prism Sights feature a quick focus diopter and digital brightness controls. They are parallax error free from 10 yards. The red illuminated Speed Dot reticle in the 1x15 model offers unrivaled accuracy for pinpoint shot placement and fast paced target acquisition scenarios. The 4x24 and 6x35 models boast additional holdover aimpoints for the popular 5.56 NATO ammunition out to 600 yards. The 4x and 6x models are supplied with Honeycomb sunshades, while all models are supplied with rubber lens covers for glass protection. At an MSRP of under \$300, the new Prism Sights Hawke has to offer in 2023 should be on your must have list!

About Hawke

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories. Accuracy, strength, and precision; Hawke optics blend iconic design, exceptional engineering, and unrivaled craftsmanship to create an unforgettable viewing experience.
