THE ROOMY AND VERSATILE FIELDLINE MONTANA 2-IN-1™ PACK KEEPS HUNTERS ORGANIZED AND READY FOR ALL-DAY ACTION IN THE FIELD

Whether you're scouting elk under the Big Sky in Montana or preparing to take down a trophy deer in Wisconsin, you'll need a reliable pack that is both comfortable and functional to organize and carry all of your vital gear. The Fieldline Montana 2-in-1™ pack fits the bill, and more — combining a roomy daypack and a detachable waist pack into one versatile backpack solution that can meet the needs of any well-equipped wilderness hunter.

The Fieldline Montana 2-in-1 daypack boasts a spacious 2,300 cubic inches of compartmentalized capacity and can easily transport your larger items and important gear such as binoculars, extra clothes, rangefinders, maps and more. Two large side accessory pockets provide hunters with additional organization and immediate access to important smaller items like calls, scents, GPS units, cell phones and radios. Plus, this durable pack will help keep you hydrated under the midday sun as its essential hydration system (bladder sold separately) is conveniently within arm's reach. The pack also comes equipped with Fieldline's exclusive Buddy Lok™ Modular Locking System — allowing for easy attachment of a variety of small, optional Fieldline accessory pouches specially designed for use with this system.

The pack's integrated detachable waist pack measures a roomy 21" X 12" X 5.75" and includes three small accessory pockets for better organization and easy access. It can be used separately or in tandem with the daypack, providing the versatility needed for any hunt, and any hunter. Both packs feature heavy-duty storm zippers that are easy to operate (even with heavy gloves) and keep cargo clean and dry.

This Fieldline Montana 2-in-1 pack is as comfortable as it is functional. Deluxe articulated padded shoulder straps provide comfort and freedom of movement, while quick-release side buckles make it easy to get the pack on and off. A sliding sternum strap system provides additional support for heavy loads and allows each hunter to adjust the pack to his/her torso shape. Adding to the comfort and convenience of this pack are a padded waist belt, high-density foam padded back and a cushioned, padded carrying handle.

Made from heavy-duty water resistant fabric, the Fieldline Montana 2-in-1 Pack is available in either Mossy Oak® Breakup® or Realtree® AP™ camouflage to help hunters blend into any environment.
