NOT YOUR DADDY'S HUNTING PANTS: PRÓIS® HIGH PLAINS BRUSH PANTS™ FOR WOMEN

Functional Upland Game Hunting Pants That *REALLY ARE* as Good as They Look!

The fit, finish and functionality of Próis® High Plains Brush Pants are so phenomenal, when you try them on, you'll wish the company made jeans too. Made for women hunters, by women hunters, these upland game hunting pants are designed for the female form. No more ill-fitting youth or men's pants, these are made to accommodate our bodies. And, it gets even better: no bell or whistle was left behind when developing these, making them a high performance pair of pants that are, well – just awesome, for any wing shooting endeavor.

When you're out hunting quail or pheasant, you need pants that will provide the ultimate protection when moving through upland cover. Constructed of a cotton/poly base fabric, the Próis High Plains Brush Pants pants are not only built as tough as you are, they're incredibly lightweight and breathable in addition to being super comfy, warm and boast plenty of smart storage. Heavy-duty Cordura overlay facings protect your legs, add durability and provide excellent protection. Setting the pant apart from others is the comfortable waistband that rests at the natural waistline and has elastic bands and ladder-lock adjustable straps for a custom fit. Articulated knees provide added range of motion so you can sit, stand or squat with ease whether you're in thick brush or on the open plains.

The details are all there including 9-inch boot zippers with wide 1-inch overlay flaps to keep dirt and debris out, and a cuff line with an elastic drawstring and cord locking to keep pants tight to boots. The pants even have Cordura scuff plates which reduce seam-wear along the bottom leg cuffs. Zippered angled front pockets keep valuables like keys or a phone safe and easy to access. Pillow-top rear pockets are designed to keep items from falling out.

The Próis High Plains Brush Pants are machine washable and available in khaki and olive in sizes XS through XL.

Próis was created for women, by women and they are proud to serve as the premier manufacturer of hardcore women's hunting gear. Each garment is created with the most technologically advanced fabrics available and a host of advanced features to provide comfort, silence and durability. The company's out-of-the-box thinking has resulted in amazing designs for serious hunters that have taken the industry by storm and raised the bar for women's outdoor apparel.
