## THE HAWKE® OPTICS VANTAGE HIGH-PERFORMANCE RED-DOT SIGHTS ARE ACCURATE, AFFORDABLE AND ERGONOMIC

### The New Vantage Series of Red Dots are the Ideal, Affordable Option for Hunting, Shooting and Tactical Use

Hawke® Optics, one of the world leaders in high-quality, exceptional-performing, high-value sporting optics, puts you in the best possible position for the shot with the all-new Vantage Red-Dot sights. These compact, value-priced and tough-as-nails red dots get you on target fast time and time again. This gives you the definite advantage.

Red dot sights are favored among tactical shooters, target shooters, hunters and anyone else concerned with shot placement and fast target acquisition. The all-new Vantage sight from Hawke is perfect for handguns, AR-platform sporting rifles, shotguns and hunting rifles. They are a three-MOA red dot with 11-stage brightness control, so you can adapt the sight to the light levels you're shooting in. The lower the light condition, the lower you make the brightness of the red dot. These aluminum-bodied sights are fully nitrogen purged and are water-, shock- and fogproof. The optics are 25-layer, fully multi-coated for extreme clarity and light gathering qualities. They are parallax-error free at 10 yards. This helps you make sure of what you're looking at before you send the round down range.

The Vantage red dot sights come in three sizes. The 20mm is perfect for handgun applications, while the 25mm and 30mm are amazing when attached to your AR or hunting rifle. All three sizes are available for Weaver-style mounting rails, or to fit 9mm-11mm mounting rails. They come with a two-year warranty from Hawke Optics and come with batteries a lens cover, a honeycomb sun shade, a lens cloth and an instillation tool. They range in price from \$89.00 to \$99.00, making them one of the best values in performance red-dot sights on the market today.

#### *About Hawke*

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories.
