

## HEAD AFIELD WITH THE BEAR VALLEY TACTICAL BV-TAC 8 MULTI-TOOL

### *American-Made, 8-In-1 Multi-Tool is Available in OD Green*

Bear Valley, Utah - [Bear Valley Tactical](#), the originator of high-quality, hand-made, multi-faceted tools, has added a versatile OD Green Cerakote finish to the BV-TAC 8, an easy-to-carry tool that combines eight necessary tools into one durable product. Hunters, survivalists, and other outdoor enthusiasts will appreciate the usefulness of the BV-TAC 8 tool and the durability and finish of the OD Green Cerakote finish.

The 100% American-made BV-TAC-8 tool is gaining a following in the outdoor, tactical and first responder space because it packs a lot of versatility and durability into an easy-to-carry package. The durability comes from being constructed from S7 tool steel. It is then heat-treated and tempered for additional strength, and Cerakoted with an OD Green finish for durability, and a rust, abrasion and heat-resistance.

The BV-TAC 8 incorporates multiple different-sized, and multi-use wrenches including a hydrant wrench, a hammer, ax, pry bar, gas turnoff, and available shovel, pick and breaching pick attachments. While the tool was created for tactical use and first responders, it has found a home in the outdoors, too. The tool itself has a lot of features that come in handy for camping and survival situations. Hunters will find it handy for tasks like building blinds and clearing lanes. It is an easy-to-carry tool with a paracord handle that adds additional uses for doing things like building shelters and more. The optional attachments give you even more versatility for uses without having to carry separate bulky tools like shovels and picks. When space is an issue, yet you still need to be prepared, consider the BV-TAC 8.

Each BV-TAC 8 is hand-made by skilled craftsmen in the company's Utah factory. Learn more about Bear Valley Tactical at [www.bearvalleytactical.com](http://www.bearvalleytactical.com).
