DIG DEEP WITH THE BEAR VALLEY TACTICAL BV-TAC 8 MULTI-TOOL SHOVEL ATTACHMENT

The Easiest Way to Take a Shovel Afield for Hunting, Camping, Hiking, and Adventuring

Bear Valley, Utah - [Bear Valley Tactical](#), the originator of high-quality, hand-made, multi-faceted tools, has developed an easy-to-use Shovel Attachment for its BV-TAC 8 multi-tool. The [Shovel Attachment](#) adds additional uses and flexibility into an easily portable tool that every outdoor enthusiast should own.

Bear Valley Tactical's Shovel Attachment is made in America from hardened 4130 alloy steel ensuring maximum toughness and durability. The shovel easily attaches to the pry bar end of the BV-TAC 8 Spade. A snap wire pin secures the attachment to the multi-tool. Like other Bear Valley Tactical attachments, the Shovel has an extremely durable, non-glare Armor Black Cerakote finish. You can use it to dig a hole for campfires, setting traps, or setting up a shelter in a survival situation. It also comes in very handy for helping you get your ATV or truck free from deep sand, mud, or snow. It is a necessary addition to your BV-TAC 8 tool and is perfect for camping, hunting, fishing, hiking, and just about any other outdoor activity you can partake in.

The shovel works as part of the 100% American-made BV-TAC 8 tool. It is an easy-to-carry attachment that expands the range of uses for an already useful tool. Each BV-TAC 8 and Shovel Attachment is hand-made by skilled craftsmen in the company's Utah factory. Learn more about Bear Valley Tactical at www.bearvalleytactical.com.

About Bear Valley Tactical

Bear Valley Tactical, producers of innovative tactical and survival gear, is based in a small town in Southern Utah.
