GAIN THE EDGE WITH HAWKE® OPTICS NEW PROFESSIONAL STEEL SCOPE RINGS

Have the Advantage of a Rock-Solid Professional Steel Scope Mount for Your Rifle

You already know that Hawke® Optics is a world leader in high quality sporting optics that have outstanding performance in the field at amazing value to consumers. To have true accuracy in the field with your rifle means you must have high quality scope rings. That's what you get with Hawke's new Professional Steel Scope Rings: accuracy and value – just what you'd expect from Hawke Optics.

The Professional Steel Scope Rings are machined from high-grade steel. They have a two-screw clamp for even pressure. Inside the ring, Hawke adds cushion tape to add pressure to the scope to secure it, without damaging the outside of the scope. This gives you reliable accuracy from the scope as you know it isn't going to shift in the rings. The Rings are available in 1-inch and 30mm sizes. Both sizes are available in low, medium, high and extra-high sizes, so you can match the right height to your scope and mount it exactly how you want it.

The new Hawke Optics Professional Steel Scope Rings use a standard Weaver-style mount. They have a reversible Weaver bar to give you added versatility to the way you mount them to your rifle. Hawke supplies you with both, a quick release lever and hex nut to lock the rings to the rifle. When accuracy counts, go with Hawke Optics – Vision Accomplished.

About Hawke

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories.
