NEW PYRAMEX® PMXSPEC® SAFETY SUNGLASSES DELIVER UNRIVALED COMFORT, ADVANCED PROTECTION AND STYLE FOR DEMANDING WORK ENVIRONMENTS

Stylish, Lightweight Safety Eyewear Designed for Long Hours on the Job

Pyramex®, the trusted leader in advanced personal protective equipment, is excited to announce the newest addition to its line of quality and affordable safety glasses, the [PMXSPEC](#). This new eyewear is engineered to provide unparalleled comfort plus superior protection all in a sleek, stylish design workers will want to wear while on the job. Whether you're working long hours on the jobsite or managing critical tasks in the most challenging conditions, the PMXSPEC glasses will keep your eyes well protected without compromising comfort or good looks.

The new PMXSPEC safety glasses are designed with ultimate comfort in mind, making them perfect for extended wear on the job. The glasses are extremely lightweight, plus they offer wearers a customizable fit, incorporating an adjustable soft rubber nose piece and non-slip temple grips that helps them stay securely in place even in the harshest conditions. Its panoramic wraparound lens enhances the field of vision, which is vital in busy work environments where peripheral awareness is key to staying safe.

Protection is paramount at Pyramex, and the PMXSPEC glasses deliver. The oversized lenses shield eyes from wind, dust and debris and are treated with anti-fog properties, ensuring clear, fog-free visibility even in extreme conditions. Built tough to meet ANSI/ISEA Z87.1-2020 standards and SEI certified to CAN/CSA Z94.3-20 high impact standards, the PMXSPEC safety glasses provide robust protection against impacts and harmful UV rays, making them a dependable choice for professionals across various industries. Of course, these glasses aren't just functional eye protection, they also deliver on looks with stylish mirrored and beveled lenses which reduce glare while adding a sleek look.

"The new PMXSPEC safety glasses are more than just protective eyewear; they are a commitment to ensuring that workers are equipped with gear that meets the highest safety standards while also offering the comfort and style needed for continuous wear while on the job," said Stephanie Aldrich, Product Category Manager for Pyramex.

The new PMXSPEC glasses are available in three lens/frame color variations including a Matte Black-Blue frame with Blue Mirror lens; a Shiny Black frame with Spectrum Mirror frame; and a Matte Black-Green frame with Green Mirror lens. For more information about the PMXSPEC glasses, visit pyramex.com.

Pyramex Safety delivers high-quality safety products through its innovative and stylish product lines.
