NEW VANTAGE HD 30 SF RIFLESCOPES FROM HAWKE® OPTICS BRING CLARITY, PRECISION, AND VALUE

New Scopes Make Long-Range Shots More Affordable Than Ever

[Hawke® Optics](#), a global leader in precision sporting optics, proudly announces the release of the latest series of value-packed riflescopes that will have you hitting bullseyes at any range. The new Vantage HD 30 SF scopes have System H2 optics for clarity and precision with high-end features you'd expect to find on scopes with a much higher price tag.

The [Vantage HD 30 SF riflescopes](#) feature easy-to-use side focus adjustment, and the System H2 optics are fully multi-coated with 11 layers to provide you with crystal-clear vision throughout the magnification range. Each scope is built on a one-piece, 30mm chassis for outstanding light transmission. You get a removable throw lever to help with magnification adjustment on the fly. These scopes have Hawke's Zero-Stop, locking elevation turrets, and exposed, locking windage turrets. These turrets are designed for accuracy, precision, and accessibility so you can make quick adjustments in the field, even with gloves on. They have an easy-to-use side focus and red/green illumination for the reticles with five brightness levels. You also get 3.5 inches of eye relief.

The Hawke Vantage HD 30 SF scopes come in two magnification ranges. The 4-16x50 Vantage HD 30 SF scopes are available with an LR2 Dot, Mil Pro II, .223/.308 Marksman, or Rimfire .22LR reticles. The Vantage HD 30 6-24x50 SF comes with your choice of an LR2 Dot, Mil Pro II, or .223/.308 Marksman reticle. All reticle options are illuminated and very precise.

For a full description of each reticle option, and more information on these outstanding riflescopes, as well as other Hawke Optics products, go to www.hawkeoptics.com. All models carry Hawke Optics' No-Fault Lifetime warranty.

About Hawke

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories.
