THE ONTARIO KNIFE COMPANY®'S RANGER FALCON™ HUNTING KNIFE FITS LIKE A GLOVE **High Performance Non-Slip Grip Design Perfect for Both Small and Large Game**

The Ontario Knife Company® has been a trusted source for exceptional workmanship and performance in its diverse offering of hunting and tactical knives for more than a century. Now this industry innovator is offering the supreme hunting knife: the Ontario Knife Ranger Falcon™ fixed blade. This unparalleled hunting tool is designed to last and be passed on through generations of hunters, with a heavy-duty yet sleek design that is made by experts, for experts and diehard enthusiasts.

The Ontario Knife Ranger Falcon has an overall length of 8 1/8", with a blade length of 3 7/8", so it's compact enough to be stowed yet and solid enough to get the job done, whether setting up camp, or field dressing small to large game. This rugged, super sharp blade is constructed of 5160 steel that's black powder coated, with a thickness of .25", so it will stand up to the incredible punishment the field can bring, season after season.

This trailblazing member of the acclaimed Ontario Knife Ranger™ series is meticulously crafted with a powerful green Micarta handle, trusted to provide a non-slip grip that's mission critical while cleaning game, cutting through bone or cutting rope and wood in hunting camp. It delivers heavy-duty cutting ability, yet weighs a mere 5.58 oz., and comes complete with a rugged black nylon sheath that will stand up to the elements for decades.

Like all field-proven products from the Ontario Knife Company, this versatile, dependable knife is proudly made in the USA, and is backed up with a limited lifetime warranty.

For more information about the Ontario Knife Company and its industry-leading line of advanced knives, machetes, edged products and specialty tools, contact Ontario Knife Company at P.O. Box 145-26 Empire Street · Franklinville, NY 14737 · Telephone (716) 676-5527 · Or visit www.ontarioknife.com.
