NEW PYRAMEX® SITECORE™ INDUSTRIAL SAFETY GLASSES

When Protection and Comfort are a Must, Reach for High-Performing Eyewear You Can Trust

Pyramex® is proud to announce its new 2019 Sitecore™ safety glasses for workers in industrial settings. Keep particles, flying objects and debris from your eyes with these glasses, which boast a variety of industry-leading features making them one of the most comfortable and performance-driven safety glasses on the market. Available in a number of frame/lens variations to meet your personal safety needs, the Sitecore will become your go-to eye protection when on the job.

The Sitecore safety glasses are ANSI, CE and CSA rated and are engineered with the highest-quality materials. Constructed of a lightweight polycarbonate material for strength and durability, the glasses have a number of design features making them extremely comfortable for extended periods of time. Designed for indoor or outdoor use, the glasses have a built-in rubber nosepiece, flexible and ventilated temples, as well as ratcheting temples. Sitecore eyewear can also be adjusted to three different lengths for a better and more custom fit.

The glasses come in two frame colors with a variety of lens options – some with the company’s revolutionary H2MAX technology, which includes an anti-fog coat for maximum clarity. The black and gray frame is available with six different lens options including clear, clear with H2MAX AF, gray, gray with H2MAX AF, Amber, and I/O Mirror. The gray and lime frames come in five lens options including clear, clear with H2MAX AF, gray, gray with H2MAX AF, and I/O Mirror.

Pyramex Safety delivers high quality safety products through its innovative and stylish product lines. The company designs and manufactures a variety of personal protective equipment from eye, head, hand, welding, cooling and hearing protection to Hi-Vis work wear, respirators and ergonomic gear. Founded in 1991, the company has more than 2,000 distributors in over 60 countries and is committed to investing countless hours to research, design and testing to ensure Pyramex products meet the highest industry safety standards.
