

THE BEAR VALLEY TACTICAL BV-TAC 8 MULTI-TOOL FOR POLICE AND TACTICAL RESPONSE

American-Made, 8-In-1 Multi-Tool Gives Police and Tactical Response Units an Edge

Bear Valley, Utah - [Bear Valley Tactical](#), the originator of high-quality, hand-made, multi-faceted tools, has developed the [BV-TAC 8](#), an easy-to-carry tool that gives law enforcement personnel additional and often necessary implements for both tactical and life-saving situations. The BV-TAC 8 multi-tool combines eight necessary tools into one durable product.

“Law enforcement personnel often find themselves needing certain tools, especially in emergency situations,” said Jared Meibos, President of Bear Valley Tactical. “We designed the BV-TAC 8 multi-tool with a built-in hydrant wrench, ax, pry bar, and more. Police officers often find themselves in situations where acting fast saves lives. Our equipment gives them multiple tools they can use in these situations, in an easy-to-carry package.”

The 100% American-made BV-TAC 8 tool is constructed from S7 tool steel for strength and durability. It’s heat-treated and tempered for additional strength, and coated in Cerakote for a durable, rust, abrasion, and heat resistant finish. It incorporates multiple different-sized, and multi-use wrenches including a hydrant wrench, a hammer, ax, pry bar, gas turnoff, and the available shovel, pick and breaching pick attachments, giving police and tactical teams more options in emergency situations. The pry bar and breaching pick are great for making entries through doors, windows, and more. The hydrant wrench and shovel can help in putting out fires if need be and more. It’s an easy-to-carry tool with a paracord handle that adds additional uses.

Each BV-TAC 8 is hand-made by skilled craftsmen in the company’s Utah factory. Learn more about Bear Valley Tactical at www.bearvalleytactical.com.
