DSG OUTERWEAR INTRODUCES THE NEW-FOR-2023 KORTNI UPLAND PANT

Feature-Packed with Increased Size Variety Makes these Versatile Pants a Staple for Upland Female Hunters

Madison, WI – [DSG Outerwear](#), premier makers of the most technical, high-performance and size-inclusive hunting and outdoor apparel for women, is proud to announce its newest feature-packed pants designed exclusively for the avid female upland hunter – the new Kortni Upland Pant.

Intuitively designed by women hunters for women hunters, the versatile new Kortni Upland Pants are constructed from a durable Nylon/Spandex 4-way stretch material, which means they are tough enough to withstand the toughest conditions, yet comfortable enough to wear all day long. The pants feature double-layer abrasion paneling in the front and back, adding to the pants thickness, flexibility and durability while 2-way side zippers incorporated on the thighs provide added ventilation if needed.

The DSG Kortni Upland pants feature a gusseted crotch that allows for full range of motion and added comfort, along with multiple pockets (two normal front pockets, two back pockets and two zippered pockets on the thighs) for storing hunting essentials. And, because the perfect fit is extremely important to DSG, the pants also incorporate an extra wide belt loop to accommodate a snugger fit if needed. At the base of the pants, there are side zipper closures which make it easy to get hunting boots on and off. Its Stone Grey color is perfect for blending into nature and the reinforced knees and seat offer good flexibility ensuring the pants can handle kneeling, crawling, and other rough movements in the outdoors.

"The Kortni Upland Pants are some of the most versatile pants added to the DSG line yet because of the features and increased size variety. These pants are the perfect combination of durability, flexibility and comfort, and we have no doubt that they will be a staple in the wardrobes of serious upland hunters everywhere," said Wendy Gavinski, president and founder of DSG Outerwear.

DSG Outerwear is committed to creating high-performance clothing that is both durable and comfortable. The Kortni Upland Pant is just the latest example of their dedication to this mission. The new Kortni Upland pants come in a Stone Grey color and are available in a wide range of sizes from 2-16 in petite (30" inseam), regular (32" inseam), and tall (34" inseam) lengths. The pants are available for purchase on the [DSG Outerwear website](#), as well as at select retailers nationwide.

About DSG Outerwear

DSG Outerwear was conceived in 2010 by Wendy Gavinski after many years of personal frustration with the limited selection of women's outerwear for active outdoor lifestyles. The goal – create a line of clothing and gear that meets the need for a functional and feminine fit, including plus sizes. The company produces a wide range of clothing options for hunting, fishing, ice fishing and snowmobiling. DSG Outerwear uses the highest quality materials and components built by designers and production specialists with over 40 years of experience in making quality outerwear. The company produces everything from highly functional performance layering pieces to insulated jackets, bibs, pants, footwear and accessories that are perfect for all types of outdoor activities, even in the coldest weather. Women's outerwear designed by women to fit women of all shapes and sizes and built to perform. Learn more at www.DSGOuterwear.com.
