

## BEAR VALLEY TACTICAL BV-TAC 8 MULTI-TOOL NOW AVAILABLE IN NEW COYOTE TAN

### ***Experience the Premier, American-Crafted Multi-Tool Perfect for Hunting, Outdoor and Survival Use***

Bear Valley, Utah - [Bear Valley Tactical](#), the originator of high-quality, hand-made, multi-faceted tools that are perfect for tactical, survival, hunters and outdoor enthusiasts, announces its versatile tool is now available in a new coyote tan color. The [coyote tan BV-Tac 8](#) multi-tool combines eight necessary outdoor tools into one, durable, easier-to-carry product.

“When you look at all of the basic tools any outdoor enthusiast would carry when heading afield, it can easily take up a lot of space,” said Jared Meibos of Bear Valley Tactical. “What we set out to do was combine many of those tools into one do-all multi-tool. It works great for campers, hunters, and off-roaders, as well as for survival situations and more. It really has endless possibilities.”

The BV-Tac 8 is constructed from S7 tool steel for strength and durability. It is then heat-treated and tempered for even more strength, and then coated in Cerakote for a durable, rust, abrasion, and heat resistant finish. The versatility of the BV-Tac 8 and the available attachments make it a great choice for hunters, adventurers, and off-road enthusiasts. It replaces 8 different tools into one convenient package that’s easy to carry when space is a concern. Instead of needing a separate axe to chop firewood, a hammer for spiking down a tent, a set of wrenches for connecting a propane tank to a camp stove, or a pry bar to help fix a flat tire on an ATV, you can carry a single tool.

The 100% American-made BV-Tac 8 tool incorporates multiple different-sized, and multi-use wrenches, a hammer, axe, pry bar, and gas turnoff into a single tool with a paracord handle that adds additional uses. Additional accessories expand the versatility of the tool, with specific applications for outdoorsmen, tactical, fire, rescue and more with shovel, and pick attachments. Each BV-Tac 8 is hand-made by skilled craftsmen in the company’s Utah factory. Learn more about Bear Valley Tactical at [www.bearvalleytactical.com](http://www.bearvalleytactical.com).

#### ***About Bear Valley Tactical***
