## GET ON TARGET WITH HAWKE® OPTICS' NEW ENDURANCE REFLEX SIGHT

### Compact and Adaptive Reflex Sight Allows for Fast Target Acquisition

[Hawke® Optics](#), a worldwide leader in precision tactical optics reveals the new Endurance Reflex sight. A high performance, slimline reflex red dot sight built for accuracy and durability, in an ultra-compact and lightweight package.

Shooters will appreciate the ability to switch between multiple reticles at the press of a button. The Endurance features a user-selectable 3 MOA dot, 30 MOA Circle, and Circle + Dot multi-reticle system. A 10-stage digital brightness control includes 2 night-vision compatible settings for enhanced flexibility, making this a great sight for both hunting, target, and tactical shooting situations.

The Endurance Reflex sights utilize the RMSc footprint for seamless direct mounting to slimline pistols. The sight also includes a removable Weaver/Picatinny base for an ultra-compact aiming solution on rimfire, air rifles, AR's, and shotguns, giving you the ability to mount the Endurance Reflex on virtually any firearm for extreme adaptability.

Never worry about a dead battery again. The Endurance Reflex uses Hawke's A.I.M. (Auto Illumination Mode) that conserves battery power by putting the sight into standby mode when no movement is detected for five minutes. The sight automatically powers-on immediately when it senses movement. Paired with a high efficiency LED emitter, Endurance Reflex sights can run at a daylight-bright setting for several years on a single battery. When you combine the multiple reticles, adaptive mounting options and long battery life, the Endurance Reflex is ready to go the distance and put you on target fast and steady every time.

The Hawke Optics Endurance Reflex sight carries an MSRP of \$249. Learn more at [www.hawkeoptics.com](http://www.hawkeoptics.com).

#### About Hawke

#VISIONACCOMPLISHED. Hawke is a worldwide market leader at the forefront of optical performance with class-leading innovation and design offering a complete line of sport optics from rifle, crossbow, shotgun and air gun scopes to binoculars, spotting scopes and accessories. Accuracy, strength, and precision; Hawke optics blend iconic design, exceptional engineering, and unrivalled craftsmanship to create an unforgettable viewing experience. As awareness of Hawke Sport Optics continues to grow, more customers are trusting Hawke as the unquestioned industry leader in optics.
